MESSAGE FROM PRESIDENT, ICAI

**CA. Prasanna
Kumar D**

It gives me immense pleasure to announce the World Forum of Accountants, 2026 to be hosted by the Institute of Chartered Accountants of India (ICAI) from 16th – 18th December 2026 at Visakhapatnam, on the theme, “Redefining Excellence: Technology | Trust | Transformation”

Chartered Accountants have always played an important role in supporting economic growth, strengthening governance, and building trust in financial systems. As economies become increasingly interconnected and innovation continues to reshape the global landscape, the accountancy profession is expanding beyond its traditional boundaries to embrace emerging opportunities, address complex challenges, and contribute more meaningfully to sustainable development and informed decision-making. Today, Chartered Accountants are not only custodians of financial integrity but also strategic advisors and catalysts of sustainable and inclusive growth.

The theme of the Forum reflects this journey, where trust remains the foundation, technology opens new possibilities, and transformation helps the profession stay relevant and future-ready. The Forum will bring together leaders, policymakers, and professionals from across the world to share insights and discuss how the profession can continue to create value in a changing environment. With participation from diverse geographies and disciplines, it will serve as a platform for learning, dialogue, and global engagement.

Hosting this global event in Visakhapatnam adds special significance. Recognised for its dynamic growth, strong industrial ecosystem, and scenic coastal landscape, the city offers an ideal setting for meaningful discussions and global collaboration. The Forum will also serve as an opportunity to showcase India’s contribution, initiatives, growing leadership and influence in the international accountancy profession.

This Forum will offer valuable opportunities for knowledge-sharing, innovation, and global partnerships, enabling participants to connect with peers and gain diverse perspectives on the profession in the times to come.
